MAKING MEN HAPPY IS WEALTHY MAN'S HOBBY

He Delights in Giving Pleasure on a Large Scale-Ten Thousand Soldiers and Sailors to Receive Their Favorite Home Paper Free.

A public-spirited, patriotic citizen living in Yonkers, N. Y., offers to send, free of charge, to every soldier and sailor who enlisted or was drafted from Westchester County whatever HOME newspaper that soldier or sailor may select.

He is paying the subscription for the papers and in addition is maintaining an organization for the sending of periodicals every week to the boys in Europe, on the sea or in cantonments here.

Papers were sent to 1,500 different soldiers or sailors the first week, to 2,500 the second week, and soon, it is expected, the full force will be covered.

The patriotic citizen, who is wealthy and can afford it, got the idea of sending out the papers when he was in Russia a year ago as the head of the Red Cross Commission. He craved for the news of the day and missed his home paper so much that he felt if the soldiers and sailors could hear or read regularly about home affairs they would not become lonesome or homesick.

He said: "It was my experience, when abroad, that one of the greatest necessities of modern war was to keep the men contented in the trenches and at the rear. I felt, when far from home, that I had a great longing all the time for the newspapers that I was in the habit of reading.

These boys are giving their all for their country. There are no white feathers worn by the American fighters. They are entitled to all we can give them, and it is little enough we can do at best for the men who have gone to fight for the flag, taking their chances cheerfully on the fighting line which now stretches through France.

I have adopted this means as the simplest and most direct step toward bringing about a more intimate touch between our men who have offered their lives for their country and the current events transpiring at home.

The gentleman from Yonkers cannot afford to send a free paper to every soldier and sailor. He is doing nobly when he covers Westchester County; but, gentle reader, it is up to you to send a paper to YOUR soldier or sailor who is pining for home news.

The next best thing to sending a happy letter from home is to send a bright, cheerful, HOME newspaper filled with interesting and entertaining news-a paper that always looks on the bright side of life and has a heartening, cheerful influence on its readers. Such is the THRICE-A-WEEK edition of THE WORLD, published every Monday, Wednesday and Saturday. It contains all the latest reliable news of the habitable globe received by cable and wireless from its correspondents everywhere. It only costs \$1.00 per year, and for that small sum will be sent by mail regularly for twelve months to any soldier or sailor overseas. Every subscriber will receive 156 issues of the paper during the year. That should be a sure cure for loneliness.

Gentle reader-You may forget to write to your soldier or sailor at home or abroad, or you may miss the mails; but the Thrice-a-Week World gets there on time with every issue and, even if you do write regularly and punctually, why not ALSO send the paper?

When ordering give the full name of the soldier, his company and regiment. Mention the name of the ship, if in the United States Navy. Use this coupon:
